END TO AUTO STRIFE. The Two Rival Organizations May Effect Consolidation.

Boston, April 7.—The individual mem-bers of the American Automobile Associa-tion and the American Motor League will, within the next few days, be invited to vote upon the advisability of merging to vote upon the advisability of merging the two organizations into an association to be known as the American Motor League. There is every reason to believe that the question will be decided in the affirmative and that within the next three weeks there will be but one national automobile association in this country and the strife which has existed between the two organizations for several years will be brought to a close, with profit to the association and benefit to the advancement of the cause of automobiling in this country. There never was occasion for two such organizations, and the move now about to be made will meet with the hearty approval of every one who has the interest of automobiling at heart. At the recent meeting of the A. A. A. the governors voted in favor of amalgamation, as a result of the report of the joint committee appointed to consider the matter. The plan of merger as approved by the governors and as it will be submitted to the clubs is, in brief, this: The name of the united body will be the American Motor Association. The officers will be: President, Harlan W. Whipple, New York; first vice president, Charles E. Duryea, Lancaster, Pa.; second vice president, W. H. Hotchkiss. Buffalo; third vice president, A. P. Fleming, Los Angeles, Cal.; secretary, reace B. Potter, New York; treasurer, George P. Farrington, Newark. The control of the combined organization will be vested in a governing board composed of 10 memoers the two organizations into an association d organization will be vested in a gov-rning board composed of 10 memoers

erning board composed of 10 memoers from each body.

"The racing department of the A. A. A. shall be in no manner affected by the merger," but the racing committee of the A. M. L. will be abolished. The other committees of both bodies will be united. A department of organization and recruiting will be formed, of which the new secretary, I. B. Potter, will be the head, he having in one year ouilt the A. M. L. up from a mere name to a membership greater than that of the A. A. A. A committee composed of two members from each body will draft a constitution and by-laws. The A. A. A. members of this committee will be Secretary S. M. Butler and Emerson Brooks, The A. M. L. members will probably be I. B. Potter and Frank Egan. The merger as outlined will be submitted to the individual ballot of each member of each organization. All those not voting within 15 days will be recorded in the affirmative. The approval of the individual members of each organization is a foregone conclusion. h organization is a foregone conclu-

this meeting of the governors John arston of Chicago, resigned as first vice resident and Charles B. Duryea was ap-

president and Charles B. Duryea was appointed in his place.

The special committee on motor boat control composed of A. R. Pardington, W. is. Vanderbilt, Jr., and L. R. Adams, reported in favor of the A. A. A. taking charge of the high powered racing craft known as automobile boats and not interfering with any other boat association. A. R. Pardington was appointed chairman of the racing boat committee, with Lieut. C. H. Hall official measurer and H. L. Towle official engineer. Mr. Pardington appointed L. R. Adams one of his conferces and has two more to name. The rules submitted by the committee on motor boats were adopted. They call for registration of all craft racing under them, and are very mit ite and complete in detail.

The racing committee of the A. A. A.

in detail.

The racing committee of the A. A. A. which held a session the same day, took some most radical steps in disqualifying Barney Oblinch and E. C. Hausmann too competing in assauctioned race meets. unittee passed the appeneded res-

ution: Resolved, that inasmuch as Barney Old-id and 1. "Hausmann have by their tion in empeting in unsanctioned ents at Savannah, Ga., on Feb. 25, and Birmingham, Ala. on March 8, dis-tablied themselves under rule 6 of the ing rules of the American Automobile existing that the secretary be in-

ang rules of the American Automobile sciation, that the secretary be inseed to advise promoters of all future meetings sought to be sanctioned the racing board under the rules of association, that Messis, Barney Olddand E. C. Hausmann are disqualified above, that sanctions to such promotwill not be granted unless such disdillection is enforced. Resolved, that such disqualification be

med until further action on the part this racing beard. eld from going for records at the Gordon held from going for records at the Gordon Bennett trials, as he had intended, he being anxious to add the mile straighta-way to his record, he now holding the world's record for a circular track. Fur-ther than that, it will remove from racing circles for some time to come, one of the most interesting characters, a man who never feared to let his machine run to its full extent and who was not afraid of meeting any man or machine. He is the national champion, having won that honor at Ormond, and was billed for a special race at New York on Memorial day next. Of course this resolution will have the effect of preventing the fulliment of those contracts, as under the rules of the A. A. A. a disqualified man cannot compete at any meet sanctioned by the organization. Oldfield, it is imagined, will endeavor to make the A. A. A. rescind his disqualification, and some meet interesting situations may be anticipated. circles for some time to come, one of

SHOT BY HIGHWAYMAN. Tragic Ending of Thief Chase at New York.

New York, April 7.-In an exciting hase of a highwayman, who had snatched a young wor an's pocketbook at 34th street and Second avenue, Thursday, two men were shot down in the street, one being probably fatally njured and a large crowd that gathred after the highwayman was capured, made a demonstration as if they would kill him. He later gave his ame as John Kenny, 40 years old, but he police claim that he is John Conolly, alias Carey.

A large crowd of passengers on the ear platform of a car witnessed the truggle that the young woman made o retain her purse and when Kenny knecked her down and tried to escape on a moving car the crowd started in pursuit. Jos. Corn. 20 years of age. vertook Kenny at the northeast corer of Third avenue and 34th street and Clinched with him. In the struggle Kenny fired two shots, one striking Corn in the arm and the other in the abdomen. Keny then jumped up and At the auditorium of the Maine street At the At t clinched with him. In the struggle

At the auditorium of the Maine street Free Baptist church at 3.45, this afternoon, occurred the annual session of the pumped on his back carrying him to the ground with Johnson on top, Kenny Hence H still held in his hand the smoking revolver and pressed the muzzle of the weapon close against Johnson's face and fired. The bullet passed through Johnson's right jaw. Before Kenny Johnson's right jaw. Before Kenny

Dr. Miles' Anti-Pain Pills

Relieve and cure all distressing, tormenting aches and pains.

This is the whole story, but perhaps you do not realize all this implies. It means that in a few minutes they relieve nervous or billous headache, stomach ache, neuralgia, rheumatism, lumbago, sciatica, periodic, bearing-down pains, toothache, or any other aggravating, nerve-desroying ache, pain or misery. Nay, more, they will also relieve nervousness, irritability, dizzness, sea-sickness, car-sickness, sleeplessness, distress after eating, etc.

"Have used Dr. Miles" Anti-Pain Pills four years, for beadache, and

"Have used Dr. Miles' Anti-Pain Pills four years for headache and neuralgia, and consider them cheap, convenient, certain. I always use them when going to theatres or other public places."—
HANFORD E. PORTER, Bridgeport, Conn.

"I have found Dr. Miles' Anti-l'ain Pills to be wonderfully effective in all cases of extreme pain, particularly at time of monthly periods. Have never found their equal, and would not be without them at any price."—MRS. F. J. ARTHUR, Schenectady, N. Y.

Dr. Miles' Anti-Pain Pills relieve pain, not by paralyzing the nerves; but by oothing the irritated nerves, and by stimulating the secretions.

Finally, while they are the most effective remedy for the relief of all kinds of ain, they are absolutely harmless, and leave no disagrecable after-effects.

Sold under a guarantee that first package will benefit or druggist will return our money. We stand back of this guarantee. 25 doses 25c. Never sold in bulk.

DR MILES MEDICAL CO. LA PORATORIES, EVELLARD, 1ND.

DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND. ton: executive committee, J. W. Hatch, H. B. Haskell, John Tinling, W. J. Yates, langer, T. W. Fessenden, Castine.
Although the weather was rather inclement. Thursday evening, there was no diminution in the size of the audience at the evening session of the conference, Union hall being well filled.
Rev. T. F. Jones of Thomaston, presiding elder of the Rockhand district, presided at the meeting, which was the anniversary of the Missionary Society.
After singing by the congregation "Jesus Shall Reign," Dr. Simpson A. Bender of Bucksport Seminary, Backsport, Me, offered prayer. Mrs. S. H. Frost then rendered a pleasing vocal solo. The congregation then joined in singing "Oh for a Thousand Tongues to Sing."

The address of the evening was delivered by Rev. S. O. Benton, D. D., of New York City, N. Y. Mr. Benton proved to be a very pleasing and interesting speaker and was accorded the best of attention throughout his whole discourse, Mr. Benton is thoroughly in touch with the subject of missions, his entire work being along this line.

THE METHODISTS.

(Continued from page 1.)

ber. This exceeds by eighty-nincents the average contribution in the other five New England Conferences. The average contribution per member for the support of presiding elders exceeds that of any other of these conferences by thirty per cent. In the contributions for the support of Conference claimants it is exceeded by only one of these Conferences.

It is sometimes asked why the church should be expected to contribute for the support of its worn-out preachers. The answer is not far to seek. It is in the constitution of the Methodist Episcopal church. No one of its regular pastors, or presiding elders, has, or has ever had, a regular salary. In all Methodism there is not a pastoral charge where the pastor has any claim he can enforce through the courts of law. In other denominations a pastor may sue the local church and attach the church property for his salary. This has been done in our own State. But that can not be done in our church because there is no contract. An estimating committee makes an estimate of what ought to be raised to provide a "comfortable support" for its paster for one year. The charge is expected to support him during the time he serves that particular charge. When he goes to another charge the responsibility for his "comfortable support" is thrown on that other charge. Then, when he is too old, or too feeble to labor on a charge, who is to support him? This the Conference undertakes to do, and this makes him a Conference claimant. Some years ago there came before the

Board of Stewards, which is charged two sides of the question. The situation available for the support of the super-annuates, a good brother who said that if we would make him an annual alif we would make him an annual allowance equal to the interest of six per cent, on the sums he had taken from his own salary and put into the building or repairing of meetinghouses and parsonages within the bounds of the work of arbitration may be hasthe Conference he would be satisfied. But on making the computation the stewards found that they would have to allow him about twice what they were allowing the claimants that year, and so his offer was declined.

Surely no one will claim that clergymen are overpaid in Maine, but if the East Maine Conference could raise two per cent, interest on unpaid pastors' claims, every year, the matter of the Conference he would be satisfied. tened.

racing beard.
disqualification will prevent Oldong ofing for records at the Gordon t trials, as he had intended, he is row due and ward and refer to the support of superannuates would be forever settled. That is to say, there is now due and unpaid more than two hundred thousand dollars! Say we are not right when we declare that two there than that none of us is working, are not right when we declare that "When the matter is adjusted this time the property of t

hundred thousand dollars! Say we are not right when we declare that there is no claim more just and equitable than that of the Conference claimant?

Among the many plans for increasing the amount of money for the support of the worn-out preachers, widows and orphans there is none that promises better results than the proposition to increase the collections annually made in the public congregation. Unmade in the public congregation. Unfortunately there has been a falling off in the amounts raised in this manner, while at the same time nearly all the other interests of the church show advanced, and advancing, collections. Properly and fairly represented to the people there is no cause which more generally commends itself to their sympathies and their support. A careful study of all the conditions causes me to believe that we can easily raise iffeen hundred dollars next year, and I shall recommend that this amount be shall recommend that this amount be apportioned. That exceeds by four hundred dollars the amount raised last year, and represents the interest of a fund of ten thousand dollars. The claim is just, the people believe it to be just, they are ready to do justice. Let us give them full opportunity.

At 3.30, this afternoon, the annual meet ing of the Preachers' Aid Society was held at the auditorium of the Methodist church. The meeting was called to order by the president, L. L. Hanscom of Rock-

The following officers were elected for the ensuing year:

President, L. L. Hanscom, Rockland; vice president, W. W. Ogier, Bangor; secretary. John Tinling, Houlton; treasurer, C. A. Plummer, Thomaston.

The bond of the treasurer was increased

Johnson's right jaw. Before Kenny could fire again Patrolman Roth grasped the revolver.

By this time several hundred persons had gathered around the struggling man and cried loudly that he be lynched.

Other policemen appeared and Kenny was pleeding from a blow on the country of the countr to keep this provision. I hereby agree to teachers resigned in one day and the board had not one to take their places.

who was bleeding from a blow on the head was hurried to the East 35th street station for protection from the crowd. The injured men were taken to the hospital where the physicians said that Corn probably was fatally injured.

No More Slums.

Mrs. F. L. Hayward, Bucksport The secretary's report was read and accepted at the beginning of the meeting. A memoir of Mrs. S. L. Hanscom was read by Mrs. W. W. Ogier, Bangor. At the business session of this association the following officers were elected for the ensuing year:

President, Mrs. D. H. Tribou, Boston, Mass, vice president, Mrs. Frederico Pallading, Caribou; secretary, Mrs. G. M. Bailey, Camden.

The secretary's report was read and accepted at the beginning of the meeting.

At the business session of this association the following officers were elected for the ensuing year:

President, Mrs. D. H. Tribou, Boston, Mass, vice president, Mrs. Frederico Pallading, Caribou; secretary was instructed to send Mrs. F. L. Hayward, Bucksport

MARKET REPORTS.

NEW YORK STOCK MARKET. the Leading Stocks.

New York, April 7.—There were signs of staleness in the market's upward movement today, and the action of prices became decidedly irregular. This might have been even more marked had it not been for the strong sustaining influence of the persistent upward movement of United States Steel preferred and the enermous absorption of the second mortgage bonds, which made the backbone of the whole market. The auxiliary points of strength were few and were not amongst the stocks of the first importance. The most important stocks were inclined to hang back and showed the effects of realizing on their recent advance. The strength of the United States Steel securities was attributed to consideration of the quarterly report. The indications given by the report of improvement in the trade held stocks of some of the independent from and steel companies as well. Amalgamated Copper shared moderately in the strength of the metal stocks. Herman G. Johonnett of Palmyra, was Calvin Southard of St. Albans, was in own, Thursday, in attendance at the Mrs. Calvin Blake of Hartland, was in town, yesterday, in attendance at the East Maine conference.
